At the call of the Chair.

12. ADJOURNMENT

District of Barriere
REPORT TO COUNCIL

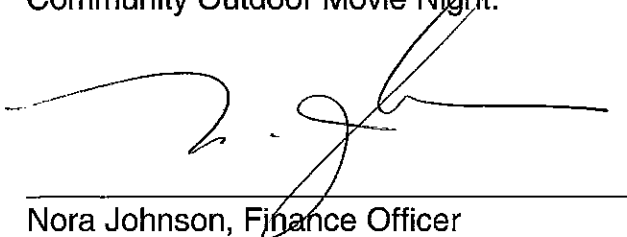

Date: June 28, 2010	File: 530.20/Rpts
To: Parks Committee	From: Nora Johnson, Finance Officer
Re: Outdoor Movie Night	

Background:

Discussion: Lindsay Arcand, Manager of the Interior Savings Credit Union contacted the District office to let us know of an upcoming Community Outdoor Movie Night which will take place on July 22, 2010. The movie that will be shown is The Prince of Persia and would start after dark (9:00).

As part of their community program Interior Savings Credit Union is hosting a movie night in every community that they have a branch in. They are also choosing a non profit organization to be the benefactors of the fund raising that would happen. A minimum donation of \$2.00 will be requested from the audience. This year the group chosen is Barriere Minor Ball. The suggestion is to use the minor ball field because it is close to the fieldhouse washrooms and the concession. This movie night would be a fun activity for the entire community as well as a fund raiser for Minor Ball. Posters will be made to advertise the event and the District of Barriere's support would be noted on the posters as a co-sponsor of the event.

Recommendation: That Mayor and Council waive the \$25.00 ball field rental fee in support of the Community Outdoor Movie Night.

Good morning everyone,

We thought it best to pass this on to the District. Lorne has seen one of these events and feels it could be a great public event for the community.

Have a great day,

Hello Lorne Richardson,

I hope all is well with you. I am trying to locate the special events planner at Barriere Chamber so I hope this email will get to that individual.

My name is David Peoples and I manage the BC office for a company called FreshAirCinema - The Outdoor Movie Company. We specialize in hosting large-scale outdoor movie events with our massive 3-story inflatable movie screens. For the most part we host 3 different types of events; 1) The "Open Air Cinema" where you bring a blanket or lawn chair to watch movies under the stars in your park or green space 2) The Traditional "Drive In Theatre" where we broadcast FM to your car stereo and can turn any parking lot into a custom-made drive in theatre or 3) Live Feeds - think Olympics or World Cup 2010.

Anyway, the reason I am emailing you is that I wanted to quickly introduce myself and my company to see if Barriere Chamber might be interested in possibly hosting an outdoor movie night/series during the summer.

We have hosted over 1000 outdoor movie events since we started this company 4 years ago and we are having a blast!

The reason I thought you might be interested in us is that we are actually working with other municipalities throughout BC to host outdoor movie nights/festivals in each of their respective communities next summer. Our services seem to be a good way for municipalities to connect with their local communities and showcase films and culture that you cannot see at the local theatre. We can show

3/15/2010

any movie you want! Our events regularly bring in anywhere from 1-2 thousand people per night!

There is nothing better than watching your favorite movie under the stars. Viewers get all the things we love about going to the movies...popcorn, a great flick, hanging out with friends...plus the enjoyment of sitting in the great outdoors on a beautiful summer night. We simply find a large grassy area, set up the screen and video projector and voila...welcome to the show.

If you would like more information about our company; how we operate, rates, sizes of screens, references etc. - by all means just let me know. I would be more than happy to send you an information package about our services.

Thank you for your time and I hope to hear from you soon.

Take care.

DISTRICT OF BARRIERE
MINUTES OF A BMX INTEREST MEETING

Held on Tuesday, June 1, 2010 at 7:00 p.m.
In the Council Chambers at Municipal Hall
4936 Barriere Town Road
Barriere, B.C.

Present: Councillor Rhonda Kershaw

Also Present: Nora Johnson, Finance Officer
Pam Rudd, Administrative Assistant

*See attached sign in sheet for members of the public in attendance

Councillor Kershaw called the meeting to order at 7:00pm

1. PURPOSE OF MEETING

Councillor Kershaw briefly outlined that in 2006 community members made a large fundraising effort which was intended to be used to create a BMX track in Barriere. Committee members became committed to other projects and the project was placed on a back burner. Councillor Kershaw indicated that the purpose of this meeting was to determine if there is enough interest to possibly form a society and make application to the RCMP Foundation for a grant to assist in the building of a BMX facility. Councillor Kershaw noted that the District of Barriere has designated a piece of property that is available for the construction of a track and that it was likely an independent society should be formed to gain access to fundraising, grants and in-kind dollars.

2. ELECTION OF COMMITTEE CHAIR PERSON

Moved by Mrs. Johnson

Seconded by Mr. Welz

That Councillor Kershaw be nominated as Committee Chair.

CARRIED.

Councillor Kershaw indicated her willingness to act as temporary Chair until such time a formal Committee can be formed.

3. ADOPTION OF AGENDA

Moved by Mrs. Rudd

Seconded by Mr. Howe

That the Committee approve the June 1, 2010 agenda.

CARRIED

4. GENERAL INTEREST AND COMMITMENT

The Committee viewed a PowerPoint presentation outlining what BMX is and detailed proposed next steps for the Committee.

Councillor Kershaw indicated that at least five people are required in order to form a Society. Mr. Welz indicated the timing of the meeting was unfortunate due to conflicting events within the community. Councillor Kershaw noted that in 2006, over 70 community members expressed interest. Mrs. Johnson noted that in her initial conversations with the American Bicycle Association (ABA) they indicated the Society would need to prove support of the community.

Mrs. Rudd indicated that the last event her son participated in had riders as young as 3 and as old as 67 racing. Mrs. Rudd urged the Committee to consider membership with the ABA rather than the Canadian Cycling Association (CCA) as there would be a greater chance of developing a Provincial and National race circuit with the ABA due to the fact that ABA membership is greater in the interior of B.C. Kamloops, Vernon, Kelowna and Penticton currently hold membership with the ABA. The Kamloops BMX club indicated to Mrs. Rudd that several members of their club would travel to Barriere for weekly races.

Mrs. Johnson questioned if support had been received from the Seniors in the community. Councillor Kershaw indicated Council had not received opposition and noted that she would like to investigate a way to bring Seniors on the Board.

Mrs. Greenwell noted that promoting fitness and healthy nutrition is in such great demand that there may be several funding opportunities available.

5. BMX TRACK COST AND DEVELOPMENT OVERVIEW

Cost and development was briefly discussed. Mrs. Rudd provided Councillor Kershaw with a list of requirements to build a track at today's costs. The estimates were provided from the Kamloops BMX club as they are currently being re-located from McArthur Island to another facility that is in the development process.

Councillor Kershaw indicated that grants may be available through Healthy Living and Sport or Sport BC.

Mrs. Johnson indicated that the District is currently holding a donation that was received in the amount of \$1,000 in trust for a BMX Society. Mention was also made by the members present that it is possible that there are funds being held by the North Thompson Recreation Society and AG Foods.

Councillor Kershaw indicated she would try to attend an upcoming Rec. Society meeting. Mr. Welz indicated he would speak with Ivan Lee of AG Foods and inquire about the money AG may be holding in trust.

6. RCMP FOUNDATION GRANT APPLICATION

Councillor Kershaw indicated a grant application could be made to the RCMP Foundation. Mr. Welz noted that previous grants that were applied for ran into road blocks because Barriere was not incorporated. He indicated that much of the work has been completed and forming a Society and getting a track built would not be as daunting a task as it would appear.

7. OTHER BUSINESS

Mrs. Rudd indicated she would make an invitation to the next meeting and ask that it be distributed through Barriere Elementary School.

Mrs. Rudd indicated the Kamloops Cactus Classic National was June 11-13, 2010 and would bring 500+ riders to Kamloops. She noted that she would bring some video from that race to the next meeting.

8. NEXT MEETING

Thursday, June 17, 2010 @ 7:00 p.m.

9. ADJOURNMENT

Moved by Mr. Welz
Seconded by Mr. Howe
That the meeting adjourn.

CARRIED

The meeting adjourned at 8:30 p.m.
