REPORT TO COUNCIL
Request for Decision

Date: April 20, 2026	File: 530.20/Rpts
To: Council	From: Corporate
Re: DRAFT Park and Public Spaces Access Bylaw No. 247	
Recommendation: THAT Council give 1st, 2nd and 3rd readings to Park and Public Spaces Access Bylaw No. 247.	

Purpose

For Council to consider giving first three readings to the Draft Park and Public Spaces Access Bylaw No. 247.

Background

The District’s current Parks Regulation Bylaw No. 42 from 2009 is outdated and limited in scope, and does not reflect current use patterns, enforcement practices, or emerging considerations in the use of parks and public spaces. The existing bylaw primarily addresses general conduct such as damage, littering, alcohol use, and park hours but does not include provisions related to modern park usage including public space access, temporary sheltering, event management, or newer forms of transportation.

In 2024, Council considered matters related to temporary sheltering within the community, including the presence of unhoused individuals within public spaces. Steps that were taken by Council included adoptions to Policy No. 51BE – Abandoned Property and Shelters and Policy No. 52BE – Bylaw Enforcement.

Draft Bylaw No. 247 has been developed as the next step in this process, incorporating temporary sheltering provisions into a formal regulatory framework while also modernizing regulations, improving clarity, and aligning current operational practices with and community expectations.

Summary

Draft Bylaw No. 247 updates regulations for the use of parks and public spaces and includes key improvements from Bylaw No. 42 including:

- Updated definitions and terminology
- Regulations respecting park hours and permitted uses
- Provisions addressing temporary sheltering in alignment with current legislative requirements
- Updated enforcement provisions and officer authority
- Clarified rules respecting animals, fires, damage and general conduct
- Updated event approval processes and authority

Additional Consideration:

The definition of “Motorized Vehicle” has been revised to include e-bikes and e-scooters as these devices are becoming more common in communities. As a result, they would not be permitted within parks and public spaces except where motorized vehicles are otherwise allowed.

Staff are recommending this approach to maintain consistency with existing restrictions on motorized vehicles and to support pedestrian safety within parks and high-use public areas.

Should Council wish to provide further direction, amendments to the bylaw can be brought forward before providing 3rd reading.
