**Subject:** I live next to a park.

Hello,

I live next to a park in Barriere and for 7 years I've been caused countless problems do to this pathway, that was put just a few meters from my property. A few examples are teens climbing over the fence as a dare to be chased by my dogs, also had a man bear mace my dog through the fence and countless dogs off leashes at my fence face to face with my dogs.

I've inquired about the town helping me with the fence and get no response. In fact they talk to me like I'm an idiot for even suggesting.

I realize I'm the only one negatively affected by this lovely pathway. I don't think it's nice and that's why so many walk, bicycle, and walk their dogs everyday. I just don't understand why the town is being such a bad neighbour when it comes to maintaining this fence.

One could even make the case that the parks department be solely responsible for the fence that borders my property. The fact is I live next to a park.

So please be a good neighbour and help me with this fence.
