To Whom It May Concern:

We, the executive of the Barriere and District Seniors' Society respectfully request your consideration to the purchase of a new commercial dish washer for our society.

The one we now have is approximately 20 years old and has seen more than it's share of work and like the rest of us, is starting to age.

We are sure a new one would come much closer to the environmental requirements now being presented by society as to water consumption, electricity usage and the speed of the cycles. Our society feels a new washer would cut down on the consumption of all of these.

Yours truly,

Lora Lee Austin, President
Barriere and District Senior's Society
