Due to the COVID-19 cases in our community earlier this month have we switched back to virtual fire training and will re-evaluate next week as we have members that attend the high school. Our department is taking all precautions necessary at this time and keeping updated on any new PPE regulations required for attending calls regarding COVID-19 as well.

I have included some pictures of the new engine that should be arriving within the next few weeks. We received our new Self-Contained Breathing Apparatus that Council approved last fall. We are ensuring that all the firefighters learn how to use them properly before they are put into service.

Submitted for Information.
